Basic Code Certification Class

OCEA offers a Basic Code Certification Class at the Moore-Norman Career and Technology Center located at the South Penn Campus in OKC at SW134th (same as 4th Street if coming from I-35 in Moore) & Penn, addressed as 13301 S. Pennsylvania, OKC, OK 73170. Topics include review and testing on State Statutes affecting Code Enforcement, as well as planning and zoning issues, constitutional awareness, courtroom preparedness, personal protection, and many more topics as well.

The curriculum was developed by the OCEA and the staff at the Eastern Oklahoma County Technology Center. Curriculum updating was developed by the OCEA and approved by the Moore-Norman Technology Center.

The cost for the class is evaluated annually and will be announced once the dates have been set and curriculum determined. The cost for the Basic Code Class is $165.00 for active members in good standing, and $215.00 for non-members, the additional cost of which makes them an OCEA member. The next class will be announced when scheduled. Use the "Contact Us" navigational tab on the top of the webpage to sign up for classes. Once we get enough people scheduled to have the class we will let you know by announcing it on the website at www.oceassociation.com .
